

HERZOG REMINDS PUBLIC OF SALE OF WAR STAMPS

Government Certificates Are Still on Market, Chairman Points Out.

Citizens of South Bend and Mishawaka are overlooking the government's present thrift campaign, according to Chairman John A. Herzog of the St. Joseph County War Savings Stamp committee. He says that because the war is over, South Benders and Mishawakans seem to think the government no longer needs money. The opposite is the truth. Reconstruction work is making just as strenuous demands as ever and the government "needs the money."

"Save before spending, instead of spend first and save afterwards is the government's advice," to its citizens, according to Herzog. Although Liberty Loan bonds are no longer issued, War Savings stamps are still on the market and the government is urging their purchase in large quantities in the thrift campaign.

Citizens Ought to Save. "Every citizen of this county," says Herzog, "ought to say to his government, 'I am planning to save.'"

"That is the answer we would like to have for the Savings appeal made in connection with the sales of War Savings stamps. The government is relying on the W. S. S. to help finance the reconstruction period and to help finish paying the war bills. It is just as important to finance war expenses now as it was when the fighting was going on."

"Just now, however, the government is appealing to the self-interest of every citizen. It is promoting a 'Save First' campaign, designed to teach people the wisdom of putting aside their savings before they spend any money whatever. Too many people spend first and save what is left, with the result that there is frequently nothing to save."

Government Provides Medium. "The government asks that we save from the top of our pocket-book, not from the bottom. It goes a step farther and provides the finest kind of medium for the saving effort. It provides the War Savings stamps, which pay a per cent compounded quarterly, which increases in value from month to month, and which can be cashed in ten days in case of necessity, without loss to the holder."

"All these things being true, the county and state committees feel it is only reasonable to expect that hundreds of thousands of Hoosiers will sign the card saying, 'I am planning to save.'"

"Postal officials will make sure that everybody who signs one of these cards is provided with stamps regularly in order to establish a systematic savings scheme."

ATHLETICS, GAMES MARK SUNDAY SCHOOL PICNIC

Volley ball games and numerous athletic contests, in which old and young alike participated, featured the annual picnic of the Westminster Sunday school held at Potawatomi park Wednesday afternoon. Special cars carried nearly 400 of the merry-makers from No. 6 hose house to the picnic grounds, where the amusement began shortly after 2 o'clock. Games and get-togethers occupied the time and attention of the picnickers until 6:30, when a basket luncheon was served. At 6 o'clock, after a big day of sport and fun-making, old and young folks in the party boarded their special cars and returned to town.

PAGEANT TO FEATURE MUNICIPAL PICNIC

"America For All" is the pageant that will be one of the main features of the municipal picnic at Rum Village, July 4. It will be presented under the auspices of the local chapter of the Daughters of the American Revolution.

Between 300 and 500 people will be used in the cast of the pageant, which is said to be one of the biggest ever staged in South Bend. While the cast has been selected, the committee has not announced their names.

Mrs. Lottie Baker Gunn, chairman of the Americanization committee of the D. A. R. and author of the pageant, is directing it. The D. A. R. offered their services to Mrs. Homer Miller, chairman of the pageant committee of the Civic Federation, and their services were accepted by Mrs. Miller. It was then work was started on the staging of "America For All."

ARMY WORM DOES LITTLE DAMAGE

Wheat in St. Joseph County Escapes Heavy Wreckage From Insect.

Contrary to the opinion of farmers in the county the army worm has wreaked destruction only on a comparatively few wheat and rye crops. For a time the pest threatened the county's entire wheat crop but preventive measures taken early by County Agricultural Agent John S. Bordner and the farmers have proved successful.

Local wheat is in excellent condition as compared to the crops in the southern and central parts of the state where smut and rust have been worrying the farmers. Formaldehyde is suggested by County Agent Bordner as effective preventive for both pests. He advises local farmers to spread the poison over the seed before it is set out.

TRAFFIC BUREAU AGAINST NEW BILL

Chamber of Commerce Body Wires Haulage Protest to Sen. Watson.

The traffic bureau of the South Bend Chamber of Commerce has sent a vigorous protest to Sen. Watson against the Poindester long and short haul bill which seeks to prevent railroads from charging more for a short haul than for a long haul over the same line. Sen. Watson has replied that he is opposed to the bill and as a member of the committee on interstate commerce which is considering it will not vote to report it favorably.

"We vigorously protest," said the members of the South Bend board in their telegram to Watson, "passage of senate bill three sixty. It restricts competition among carriers, creates monopoly and recognizes only one of the factors entering into reasonable rates, namely distance. This is not constructive legislation but a restrictive and preferential measure. We don't want any rigid long and short haul rule. Let the commission administer justice based on present law."

Would Hit Local Merchants. Members of the traffic bureau said Tuesday night that should the bill be passed it would seriously hamper shipments to and from South Bend and would work injustices against local manufacturers and merchants by greatly increasing short distance rates. Upon the assurance given by Sen. Watson that the bill meets his disapproval the bureau members believe it is doomed to defeat and that the present comparatively satisfactory rates will not be changed.

HELD UNDER ARREST ON SHOOTING CHARGE

COBLENZ, Tuesday, June 24.—Lieut. John Beggs, 2nd infantry, of Kansas City, Mo., is under arrest facing a charge of murder in connection with a shooting affair at Seeburg, a village in the neutral zone opposite the American area of occupation. The German authorities claim that two civilians, a man and a woman, were killed.

The shooting occurred Saturday night. Officers who investigated the case said that Lieut. Beggs contends that another American was responsible for the shooting. It developed that a number of Americans had trouble with German civilians in a cafe at Seeburg. When Beggs was arrested near Coblenz he had in his pocket orders to sail for home and should have started Sunday.

The German government has been notified of the charge filed against the lieutenant by the army authorities. Beggs will be tried before a general court martial.

Producers Ask Governors to Aid in Strike

NEW YORK, June 25.—In an effort to end the strike of market testers, putters and chauffeurs here, commission merchants whose produce is rotting on the New York piers Wednesday sent telegrams to the governors of North Carolina, Virginia, Delaware, Maryland and California, asking them to request Gov. Smith of New York to intervene in the controversy. The messages stated that these states will suffer great financial injury if the strike continues.

The situation has become so acute that a representative of the department of labor arrived in the city to aid in the settlement of the strike. The walkout Monday has seriously diminished the city's supply of fresh vegetables and fruits and today New York was virtually without some of these commodities. The only break in the embargo today was the arrival of a ship with 700 barrels of potatoes. Business at the markets handling green vegetables and fruits was at a standstill. The only movement out of these markets

was that of government trucks taking supplies to hospitals. These vehicles were operated under a guard of military police.

Joseph R. Buchanan, the department of labor representative, immediately after his arrival here went into conference with a committee of the striking workers. After repeated efforts to reach an agreement, the meeting adjourned with the announcement the strikers remain firm in their attitude not to return to work until all their demands are met.

HOLD THREE DIVISIONS TILL TREATY IS SIGNED

COBLENZ, Tuesday, June 24.—The three American divisions which were concentrated east of the Rhine in the American bridgehead will remain there until the peace treaty is actually signed, according to an announcement made here today.

As soon as peace is signed the Americans will begin to return to the quarters they occupied before the concentration of a week ago which was ordered by Marshal Foch in preparation for an advance into Germany should the Germans not accept the peace conditions. It is expected the troops will remain in these quarters until orders come to start for home.
